Your wedding at Bohio

The old Taino Indian name for the island was "Bohio" which means "home". Let us make our Bohio your very own home on your special occasion.

Your wedding ceremony will take place on our beautiful beach with our turquoise ocean as the backdrop. Bohio is the ideal location for couples wanting to escape the customary pressures of weddings.

Our standard rooms have two double beds, private ocean view balcony, air con and ceiling fan, cable tv, en suite bathrooms and mini fridges. Our ocean suites have a king size bed, private ocean view balcony, air con and ceiling fan, cable tv, en suite bathrooms and kitchenette area for food preparation.

Bohio has an in-house dive operation and we offer a variety of courses from introductory to full PADI Open Water certification. We also have sailing boats and kayaks and instruction is available for these too.

We can cater to larger wedding parties or intimate couples. Please let us know if you have any special requests and we will endeavor to meet them!
